

SUGGESTED AIRPLAY

Presenter In-

“Today is World Mental Health Day and this year the focus is on suicide prevention. We have Theta (*pronounced like Cheetah*) here with us to talk about her latest single, ‘Wait’ which is out today. Hello...”

SUGGESTED Qs-

- Tell us a bit about your story, when and why did you start making music?
- So you are releasing your new single, ‘Wait’ on World Mental Health Day, can you tell us about the significance there?
- So the word WAIT is actually also used as an acronym to help support someone who may be suicidal...?
- Your first track, ‘Stay’ was released a year ago today. How would you say your music had changed in a year?
- Did you produce your new song yourself?
- Will there be a music video coming out soon?
- Where can people find more of your music?

TRACK INTRO:

“And here it is, the new single, ‘Wait’ by Theta.”

BACK ANNO:

“That was ‘Wait’ by Theta, available on all platforms, released today which is World Mental Health Day. Stay connected, keep talking and take care.”
